

# The best Christmas present ever! Transform a child's life.

Give a gift that could make a real difference to the life of a child.  
What better present than to help some of the poorest and most vulnerable families in the world?

## Goats

A vital asset in Darfur. Goat's milk is often the only source of vitamins and proteins. We lend six goats to a family for two years, then six kids go to another family.. ..and another.

**1 Goat £12**

**6 Goats for a family £72**

*We need 4,464 goats this year!*

## Animal Health

Keeping animals healthy is vital to safeguard the flocks and to provide an irreplaceable livelihood for families. **1 Paravet £120**

*" Our motto is - One goat at a time - and in our first Five years we are helping 90,000 people "*

**Patricia Parker MBE Chairman & Founder of KIDS FOR KIDS**

## Donkeys

The mainstay of life in Darfur. Our donkeys help families collect water, carry firewood, both to use and to sell (a critical source of income when crops have failed), to plough, to pull our donkey carts, and they carry the very young and the very old.

*"Without a donkey we cannot go home" said Amira, who has been living with her children in a tent for two years.*

**1 Donkey - £50 1 Plough - £12**

**1 Donkey cart - £175**

*20% of families have no donkey*  
There is virtually no health care in rural areas. Our first ambulance saved Abdulla's life within ten days of its arrival at Kerkerra - he has four children.

**1 Donkey ambulance - £325**

## Health Care

Women risk 'rope' delivery in many villages, Our trained midwives are already caring for young mothers and their babies in KIDS FOR KIDS villages.

**1 Midwife - £500**

## Community training

Ensures the long-term success of our projects and empowers women and children to manage the projects themselves.

**£75 per village, per workshop**

For the first time we are training first aid workers - two for each village.

**1 First aid worker - £100**

## Tree nurseries:

Help to slow desertification, replace trees cut for fuel and rebuilding the houses destroyed in the conflict, and provide fruit and a cash crop.

**20 tree seedlings - £15**

**1 Tree Nursery - £3,500**

## Water

Is the first priority for people and animals. Even young children currently walk up to seven hours to reach water and carry it back home. Providing a hand pump near their school or homes transforms lives.

**Help provide clean water £500**

**1 hand pump (named after you) - £3,500**

## Administration

The charity cannot exist without support for essential administration such as postage, printing and telephone calls. It would be very helpful if you could add to your kind donations for this necessary work.

**A morning's help in the office - £32**

Please order your Christmas Gifts now...  
and we will send a personalised  
certificate for you to make it easy

*giftaid it*

Using Gift Aid means that for every pound of your gift, we get an extra 28 pence from the Inland Revenue. To help your donation go further, just fill in your details below.

*I wish **KIDS FOR KIDS** to treat as Gift Aid all donations I have made since 1st April 2000.*

Please note: It is Kids for Kids policy to encourage other organisations to support the kind of work that we do.

In some cases, this leads to their offering to fund aspects of our planned work, enabling us to focus our resources on other vital activities. Donations already secured for such work will be used for other complimentary projects, but our aim is to provide the items as donated.
